

Sticky Mat 24" x 36" Blue

Product Description

The adhesive-coated sticky mat captures particulates from foot traffic and equipment wheels prior to entry into the clean room.

Each numbered layer is fully coated with a water based acrylic adhesive. Once the top layer has come to the end, a quick and easy removal of that layer exposes the next layer and returns the mat to maximum efficiency.

Features

- Validated sterile and lot traceable.
- 70% IPA / DI water.
- Hydroentangled polyester cellulose.
- Convenient resealable pouch.
- Versatile all-purpose wiping.
- Reduced VOCs with minimized bulk liquid storage and VOCs.
- Consistency in application of solvent.
